US\$ 299,100 (03/15)
- Located in Cape Coral, FL
- Hull Material: Fiberglass
- Engine/Fuel Type: Twin diesel
- YW# 74679-2723209

419 Meridian

This is a wonderful, tri level, large aft cabin luxury motor yacht. It has a well appointed interior, two staterooms, two full heads and nice cherry wood veneers, large salon and great exterior seating. She is a truly comfortable, stylish 41' yacht and spent most of her life in fresh water

The 419 Meridian offers three levels of outdoor seating for relaxation or entertaining. Stairways between the levels are generously wide with stainless steel hand rails for addition security. Each seating area is large enough to host a crowd, yet the overall design works equally well for small family or a few guests.

The unique sliding transom door provides a remarkably wide opening cockpit, creating a seamless transition between the swim platform and cockpit space. The swim platform includes several finished recesses for cable management, storage and ladder. Cleats are well-placed for cross-tying, a preferred method for many owners.

The cockpit is finished in striking real teak with removable with molded in seats with removable seat

cushions. Access to the Onan 9 KW generator comes via a large lazarette in the middle of the cockpit. Placing the generator under the cockpit helps eliminate noise inside living areas.

Since the vessel is an aft cabin yacht, you get this large expansive sliding glass patio door that creates a large opening with easy access from the master suite through to the cockpit which is transformed into a private balcony.

Perhaps the most functional feature aboard the 419 Meridian are the two hardtops. These create a massive weather-protected area on the upper deck and lower aft deck. The captain has clear visibility back to the seating area on the aft deck for easy interaction. The hardtop also allows for additional lighting and sound on the bridge, making it more practical for evening entertaining.

Instead of traditional Isinglass the 419 features a semi-rigid polycarbonate enclosures directly in front of and to the rear of the captain on the upper deck and lower deck. The material offers improved clarity over traditional isinglass, and a clever slide-away system eliminates the need to roll or store panels when opening for ventilation.

The 419 helm is has great ergonomics, great styling along with modern controls in the form of Total Command. A significant evolution from Meridian's original Docking on Command system, Total Command incorporates control of the bow and stern thrusters,

Powered with the desirable Cummins diesels with 380 HP this truly is a very comfortable motor yacht.
